

## MILVACO TRUCK TANK FAUCETS WITH "PERMADISC" CONSTRUCTION

The "MILVACO" Truck Tank Faucet, with "Permadiisc" Construction is faster and engineered to provide uninterrupted service for a long period of time.

"Permadiisc" is an exclusive "MILVACO" development. The encased disc is held rigidly confined within the discholder, entirely eliminating the possibility of disc distortion, and is reversible as well as renewable should this become necessary.

"MILVACO" Truck Tank Faucets have met with high approval of the Oil Industry as shown by the many thousands in use. Designed for long, uninterrupted service under the most severe conditions for which it is recommended.

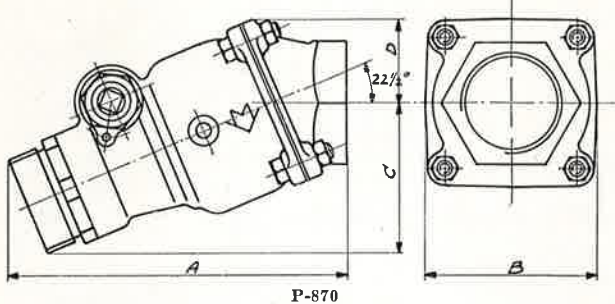

No. P-851  
Truck Tank Faucet  
with Locking Type  
Safety Cap, less  
Handle
